The District training program is multi-faceted and has numerous objectives for the coming year. This includes hosting or sending employees to classes necessary to meet career development objectives, conducting spring and fall driver/operator classes, an ambulance and utility driver class for new fire fighters, continued staff training for safety and injury prevention and hosting the requisite mandated training for CPR, Haz Mat, Blood borne Pathogens, TB, PFT, fit testing, HIPAA and other Cal-OSHA mandates.

Also this accounts for the contract with an outside vendor to manage the mandated blood borne pathogen program records, safety equipment and supplies, turn-out laundering, mandated DMV physicals for commercial Class "B" drivers and pre-employment physicals.

The District will provide training to the Administrative staff. Board members will continue to attend classes to enhance their positions.
